Vote: 2 In Favor 0 Opposed 1 Abstained

Review Budget Requests

Ms. Olsen noted that she hopes to have final changes to requests for next week's meeting, including requested budget for Board of Health, Airport and Board of Assessors, as well as updated special articles and Benefits budgets.

Mr. Hanold noted that the budget requests include requests for new positions in the Police budget (to be reimbursed by the Franklin County Technical School), Library, and Water Pollution Control Facility.

Preliminary Affordable Assessment Calculation

The preliminary revenue estimates show that the 48.5% allocation of revenues to the Gill-Montague Regional School District indicates an Affordable Assessment of \$8,245,681, which is a 3.52% increase from the current year's assessment.

Mr. Hanold will notify the Superintendent and School Committee, as well as the Gill Finance Committee, of this preliminary amount.

Mr. Hanold asked if there was any interest in changing this formula.

Mr. Naughton thinks that at some point we should put the question of whether this number is still affordable on the table.

Mr. Hanold reminded everyone that we previously discussed changing the revenue allocation split from Town/Gill-Montague Regional School District to Town/Education, including the Franklin County Technical School in the education allocation.

Mr. Naughton summarized how the affordable assessment works. On the district side, the total budget is reduced by all non-assessment revenues, and the remaining amount is funded by the towns. The town assessments include the minimum contribution, as determined by the state, plus any additional amounts needed to provide the amount required.
